Who We Are?

The Louisiana Construction and Industry Self Insurers Fund provides affordable workers' compensation coverage to small and medium-sized business operating in Louisiana. Workers' Comp is all we do.

The Fund understands the needs of small business and has developed a comprehensive workers' comp program that meets those needs. You will be impressed with our level of service to our clients, and even you will be more impressed with our level of attention to a claim should one of your insured employees become injured.

For more information, please have your agent contact our underwriting or Marketing department at (985) 612-1230 or e-mail underwriting@louisianacomp.com for more information.

Workers' Comp is all we do, and when you do just one thing, you better do it right.

**Workers'
Compensation
is all we do.**

Our History

The Louisiana Construction and Industry Self Insurers Fund was established in 1989 in order to offer affordable workers' compensation coverage to small and medium sized businesses in the state. Since that time thousands of Louisiana companies have successfully participated in the Fund's program.

The Fund enjoys a solid relationship with Independent Agents throughout the state and the Board invites agents to contact our underwriting office for more information.

The Fund is governed by a Board of Trustees, which appoints an Administrator to oversee the day to day operation of the Fund. All underwriting, customer service and financial services are performed by employees of the Fund.

Since 2003 the Fund's program has been sponsored by the Diversified Dealers Association (DDA), a Louisiana Trade Association. Members of the Fund receive added benefits and services through this relationship with DDA.

Claims are handled by The Frank Gates Service Company, a national risk management company, with offices in Baton Rouge.

The Fund has developed unique safety and loss control programs through its relationship with the Southeast Safety Association located in Slidell.

The Fund is organized under Title 23 of the laws of Louisiana and is regulated by the Department of Insurance.
